Dear Senator Dole:

I could not believe my ears when I heard over the radio you had voted against the poor on the food stamp program. I am not eligible for food stamps but I do have compassion for those who do need them.

Are you just a President's "yes" man? It would seem so. Personally I think you're jumping on the wrong band wagon. I would suggest you give it some thought. When are you going to start making special interests pay their fair share? You could become a hero overnight doing that.

Respectfully,

Dear Ms. Umme1:

Thank you for your letter concerning my vote on food stamps.

The report you heard was in error -- I voted for food stamps. Would like to know what radio station you heard this on, and when, so that we can contact them about this mistake.

Appreciate your calling this to my attention, and hope you will let me know whenever there is anything I can do for you.

Sincerely yours,

BOB DOLE  
U. S. Senate
