

Bob Dole KWW, Salina, Aug 30

DEAR CONGRESSMAN:

I believe that unless Congress intervenes we're headed straight for a third world war--a nuclear war. Only Congress has the right to declare war--yet without a vote we are in another escalation. The mandate of the last election was for peace.

My conscience will not let me remain silent nor vote next time for any Congressman who has not done his best to stop this war before it is too late. I would like to learn your views. What do you think of Senator Morse's talk of July 16th and Senator McGovern's of July 27th? What are you doing to help end this danger to all of us? Sincerely yours,

[redacted], this represents the views
of my family & several friends — [redacted]
