

Sept. 21

Senator Robert Dole

U. S. Senate

Dear Senator: As the head of the republican party I want to write and tell you I am against President Nixon's proposed visit to communist China and his efforts to seat Red China in the U. N. also give them the Security Council's seat. What a traitor he is. He is a different man than we thought we voted for. Yes we republican have no where to go in 1972 elections. Certainly we would never believe this Richard Nixon!

His weak effort to try to keep Free China in the U. N. He certainly believes in rewarding enemies and stab our friends in the back. He is lower than I thought. Is that the kind of man we have in the White House? He wouldn't even recognize the fact that there has been a Free China Ping Pong team in the U. S. playing Ping Pong in over 45 or 50 cities. Also he wouldn't greet them when they came to our capital. Richard Nixon is definitely not our man!

Dear [REDACTED]:

This will acknowledge and thank you for your letter of September 21, expressing your views and concerns with reference to President Nixon's planned visit to China and proposals to admit that country to the UN.

Generally, I support the President's latest initiative in the belief it will greatly improve our chances for world peace and stability and it is a realistic facing up to the world situation as it exists today. We cannot achieve a lasting world peace excluding that Nation with over one-fourth of the world's population. Another important factor to remember is that the President did not make any promises or concessions regarding this visit and we continue to maintain and uphold our commitments to Nationalist China. In any event, I can understand your concern over these diplomatic overtures but am confident the end result will help in achieving world peace and one which will guarantee the future of all freedom-loving countries. In accordance with these initiatives, the United States has submitted two resolutions seeking dual representation of Peking and Taiwan in the UN. In this connection, we will not allow Taiwan to be ousted from the UN in order to admit Peking.

In any event, I appreciate knowing your views on this serious matter. Thank you again for writing, and if I may be of assistance in the future, please contact me.

Sincerely yours,

BOB DOLE  
U. S. Senate
