**No. 1
In State**

Mrs. Nancy Landon Kassebaum had statewide support in her victorious bid for the GOP nomination to the Senate. The numeral 1 designates counties which she carried, including most in southeastern and western Kansas. At the same time Wayne An-

gell, the runnerup in the race and designated by the numeral 2, received strong in the eastern part of the state. Counties carried by the other Republicans are designed by the number corresponding to their place of finish in the race.
