Senator Bob Dole
United States Senate
Washington, D. C. 20510

Dear Senator:

Senator Dole, may I suggest that for the next few days, you give up running for the Presidency and come back to Kansas where you belong.

It appears to me and to a lot of other Kansas Replublicans, that you could better serve our state by helping Nancy Kasselbaum win this election.

Sincerely yours,

Dear Mr. Mailliard:

I apologize for the delay in responding to your October 26 letter, but as I trust you now know, I was out of town campaigning for Nancy Kassebaum.

I have spent a considerable amount of time in Kansas over the last several months, and was in Kansas for the better part of the last three weeks before the election. I am, of course, pleased Nancy was successful in her bid for the Senate seat, and frankly, believe we contributed in large measure to that victory. Not only did we travel extensively across Kansas for Mrs. Kassebaum, but we also removed from the Senate payroll two members of my staff in Kansas so that they might be available to assist in the campaign.

Thank you again for writing, and I trust this responds to the concerns you had expressed.

Sincerely yours,

BOB DOLE
U. S. Senate
