Dear Ms. Bolton:

The State of Kansas WIC Program sincerely appreciates the efforts you have put into reviewing our funding and participation concerns and the results which have ensued. We have been notified of an additional \$114,000 which will be made available to Kansas for expenditure during the remainder of FY 81 and FY 82.

These funds will be extremely helpful in making program benefits available to the neediest women and infants in underserved and hopefully some unserved areas. You can be assured that Kansas will act judiciously in the expenditure of these funds.

Thank you again for your assistance and concern.

Sincerely,

Patricia T. Schloesser, M.D.
