Overland Park, Kansas 66212

Dear Jean:

Thank you for your letter expressing approval of the amendment I have offered to expedite food stamp certification procedures. Also appreciated the two articles you sent for my perusal.

I scanned the article by Dr. Gramm on the energy shortage and find much merit in what he says. Hopefully, we will be able to devise a comprehensive energy conservation and development program with as little government interference as possible.

Always good to see you and Joe. Don't hesitate to stop by next time you're in Washington. In the meantime, if I may be of assistance to you in any way, please let me know.

Sincerely yours,

BOB DOLE  
U. S. Senate

Senator Bob Dole  
Senate Office Building  
Washington, D. C. 20510

Dear Senator:

Read about your teaming up with George McGovern on the food stamp issue in this morning's paper and just wanted to congratulate you on attacking an issue which has needed attention for a long time. I'm always pleased when I see "my Senator" working on important issues.

My pride in your accomplishments increases daily. As I said once before, given the chance, you can be a really great Senator. You are busily proving me right.

Attached is a photocopy of an article sent me by Dr. W. Philip Gramm of Texas A&M. I know your reading time is very limited, but this is a very worthwhile article. Hope you can get around to it. This is a pretty interesting guy.

I don't know if you have had an opportunity to read any of the works of Ayn Rand. While I don't agree with her in all respects, her writings are brilliant. I am attaching an excerpt from the book "Atlas Shrugged" which is very interesting.

Thanks for being so kind to Joe while he was in Washington a few weeks ago.

If I can be of service, give me a call.

Sincerely,

Jean M. O'ffill
