People here sick to death of Johnson  
and his Black Supremacy policies  
and the abuses and excesses of  
these red led uncivilized Civil Rights  
terrorists and blackmailers. They  
will never be satisfied, they seek  
revenge and compensation because  
they can not be white, and full  
control of the majority along with  
unlimited power and Federal funds  
and no responsibilities whatever.  
In his greed and lust for power  
Johnson gives them almost complete  
immunity from law for their vile  
insurrection and rebellion, because  
they breed ten times faster than  
whites, on the bounties and vote-

buying bribes of the Lawless Society.  
School bussing is making every  
school a problem school and these  
new evil red-rigged Police Review  
Boards to hobble and control the  
Police from interfering in all the  
looting, rioting and arson of these  
Black Revolutionists is the last  
straw. We are going to have a  
White Revolution at the Polls first  
of course the white man is very  
civilized you know. We are even being  
told by the NAACP that we will have  
to walk in the gutter next.  
Johnson's Welfare State has destroyed  
all law and order and Democratic  
Government and people are burned up.  
Regards  
Yours truly
