January 19, 1983

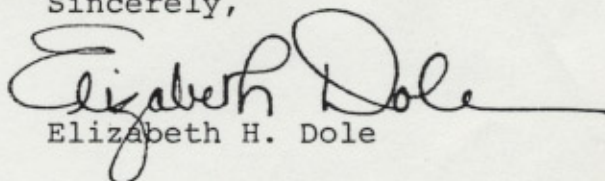

Dear Mrs. Nikolayeva-Tereshkova:

It was a great pleasure to meet you on my recent visit to Moscow, and I so enjoyed learning about your background which led to your becoming the first woman cosmonaut. Our exchange of views regarding the role of women in government was most interesting and exciting, and I want you to know how much I enjoyed talking with you.

I do hope we will have the opportunity to meet again in the near future.

My best wishes for the New Year,

Sincerely,

Elizabeth H. Dole
